BE SUCCESSFUL

I want everyone to be successful in saving their story, so I will be sending out tips and tricks to keep you going and motivated! Here are two tips to keep you on the right path and successful.

START SMALL

*Start with 1 box, bag or room. You do not need to do your entire collection all at once, as a matter of fact that is a recipe for disaster. Seeing your entire print collection in front of you can be overwhelming, you probably will feel like it is an insurmountable task. If you start small with 1 shoe box, 1 bag or 1 rooms worth of photos, you can use **DIG YOUR PHOTOS!** to quickly and easily organize and pare down the photos, you will be successful and learn the process to repeat over and over again.*

NOT PERFECT IS PERFECT

When sorting chronologically, do not get stuck in the weeds. If you cannot tell if little Timmy is 4 or 5 in a photo, that is OK. Do not overthink it! What matters is the emotions and memories the photo brings up and not the exact date, a ballpark date is good enough.

GREAT GIFT!

DIG YOUR PHOTOS! makes a great gift that keeps on giving for generations to come. It will bring the family together to relive emotional times and amazing milestones. Send one today to
